## ABOUT US

---

With over 17 years in Nursing, and more than 8 years as a clinical nurse specialist/independent prescriber, and over 7 years as an aesthetics practitioner we are passionate about delivering the highest standards in aesthetic treatments.

We work hard to offer treatments that don't make you look like everyone else, just **a fresher, more confident version of you.**

Our priority is safety, along with natural but noticeable results.

All treatment is subject to a full consultation and we reserve the right to decline treatment in cases that are not appropriate.

*Natural,  
but noticeable.*
